

BUILDING OUR FUTURE WITH NATURE

In 2020,
while the society
we live acknowledges us as being
an essential sector, our mission
takes on real meaning.
It is up to us to prove ourselves
worthy and accountable.

Thanks to our cooperative mode
of organisation, this responsibility
is carried in solidarity by every
member of our company,
each in their area of expertise
and everyone towards the fulfilment
of a common ambition:

**«Together, let's create a sustainable
future for all by sharing our talents
with passion.»**

We wish to serve you every
day in this very mindset.

Jacques Crahay, CEO.

BUILD ON HERITAGE

COSUCRA is a family business supported by the 5th and 6th generations
of shareholders with a successful heritage: the assurance of a reliable
company, close to all its partners.

From the very beginning, **COSUCRA** chose the **naturality and the innovation**
as the two pillars of its development. Through chicory root and yellow pea,
COSUCRA shares its expertise in the food and beverage market,
nutrition and health sector, and animal nutrition. Over the years, our history,
marked through milestones, was guided by our commitment to produce
naturally-sourced and quality ingredients:

1852

It started with
a sugar plant
in the village
of Warcoing,
Belgium

1986

The world's
1st production of
chicory root fibre
FIBRULINE™

1990

The world's
1st production
of pea protein
PISANE™

2003

Complete focus
on innovative
ingredients
business

2015-2018

Expansion
of Belgian pea plant:
state-of-the-art
and sustainable!

2020

2nd pea
protein
plant
in Denmark

CUSTOMER INTIMACY

Our presence around
the world ensures a **global
strategy** adapted to the **local
needs**. Our teams - COSUCRA
and our network of dedicated
partners - bring a **quick
and flexible support** to all
our customers and prospects.

Focused on the customers' expectations and needs,
we are committed to ensure **quality and traceability**
for each of our ingredients in full **transparency**.

**ALWAYS FORWARD-LOOKING,
OUR KNOWLEDGE
AND EXPERTISE
CAN BE EXPRESSED
THROUGH KEY FIGURES:**

300+

employees worldwide

120

millions € turnover

255 000

MT of raw materials transformed

4

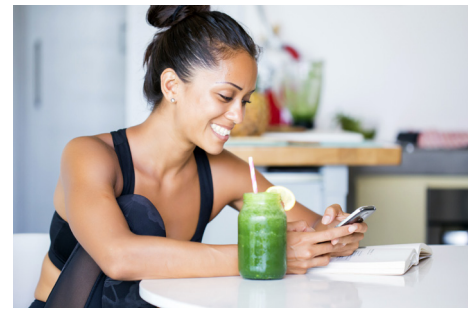

food, nutrition & health ingredient ranges:
FIBRULINE™, PISANE™, SWELITE™, NASTAR™

activity for animal
nutrition: SOCODE

1

business unit dedicated to chicory
seed breeding: CHICOLINE

COSUCRA offers to its customers around the world specialty ingredients from chicory and yellow peas. Our R&D department strives relentlessly to improve our manufacturing processes, the ingredients and the concepts while ensuring:

- The quality of its raw materials
- The sustainability of its manufacturing processes
- The naturality of its ingredients

Our environmental management system is certified according to ISO14001 standard and covers waste and water management.

Commitment to sustainability is essential for us. We consider the planet as our most important resource and minimizing our environmental footprint is at the heart of our concerns. One of our major axes is our commitment to reach a drastic reduction of our carbon footprint through:

- Closing the loop by fermenting our effluent into biogas
- Maximize use of green electricity: cogeneration system, solar panels and own wind turbine
- Locally grown chicory and peas
- Maximize use of river barges & sea vessels for transportation of raw material

We believe in the impact of food on health and we want to share our enthusiasm and knowledge with our customers. Our ingredients meet the challenges of food and nutrition-health markets and fit with actual trends such as:

- Rebalance the nutritional profile: fortification in fibre and protein, reduction of sugar and fat
- Plant-based: healthy and sustainable products for flexitarians, vegetarians and vegans
- Health & nutrition: sports nutrition, weight management, free-from foods, senior nutrition, babyfood
- Functional performances: tasty and good-looking products

COSUCRA offers naturally-sourced ingredients to optimize the composition, the taste, the process... of food and drinks. Our products are all about benefits:

Nutritional benefits

with proven effects on health

Environmental benefits

with strong sustainable commitment through crop, process and ingredients

Technical benefits

thanks to highly functional ingredients

With our ingredients, meet all your needs and many more!

CHICORY ROOT FIBRE

- Naturally-sourced ingredient
- Soluble fibre enrichment
- Sugar and fat replacement
- Digestive and immune health

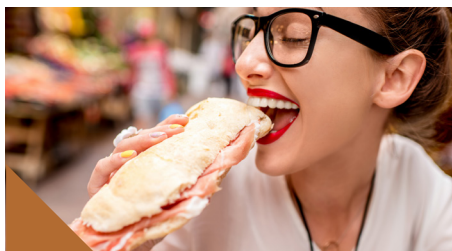

From rebalance nutrition to proven health benefits across food, health & nutrition markets.

PEA PROTEIN

- Sustainable plant protein
- Highly nutritious
- Good functionalities

From plant-based to health & nutrition market across food & drink categories.

PEA STARCH

- High amylose content
- Gelling & thickening properties

Thanks to its unique properties, NASTAR™ can be used in various applications, from savoury to extruded products, noodles and sauces.

PEA FIBRE

- Naturally-sourced fibre
- High water holding capacity
- Water & fat binder

The most relevant functional plant solution for all savoury applications and much more beyond.
